PARTICIPATION STATEMENT AMERICAN ANGUS ASSOCIATION

The American Angus Association, 3201 Frederick Ave, St. Joseph, MO, will pay 20% of the total premiums in individual classes offered for Junior Angus heifers as included in its standard show classification where individual premiums amount to \$5 or more.

To be eligible for Association premiums, heifer entries must be recorded in the sole name of the Junior exhibitor and the date of transfer or ownership must conform to the individual show's requirements. Association premiums will be mailed directly to the exhibitor from the American Angus Association's office. The Association's contribution is included in the total premiums listed in each class.

Premiums from the Association are paid by registration number. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay a percentage on premiums offered in championship classes.

Exhibitors must have the original registration certificate on each animal available for inspection at the show.

Any animal not having legible and correct tattoo, is ineligible to compete and will be barred from showing.

Only one person at a time shall lead animals into the show ring.

Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), use of graphite, powders, hemp or other similar substances externally and steroids, growth stimulants or artificial filling internally. Any animal found to be in violation will be barred from showing. The exhibition of cattle displaying false hair will not be allowed.

For an exhibitor to be eligible at shows for premium monies contributed by the American Angus Association, each exhibitor is subject to Part 3, Section IX of the Association's rules entitled "Eligibility, conformation and Structure of Animals Presented for Exhibition."

BLOOD TYPING FOR PARENTAGE VERIFICATION. Under the Association rules each animal for which entry application (registration) is received, may be subjected to a blood type test to verify both ACCURACY OF PARENTAGE AND BLOOD TYPE as covered under Association rule Part 3, Section II, Rule 2 (F). Staff of the American Angus Association must supervise the collection of blood samples. Animals are often sampled at shows, fairs or events where the American Angus Association contributes premiums of where Association personnel participate.

If a recorded parent is excluded (as a parent) as a result of blood type, the owner may request, at his own expense, the Association to determine the actual parent. Failure to determine the sire and dam disqualifies the animal's eligibility in the Angus herd book, and the registration certificate becomes null and void.

Part 3: Association Rules Section IX: Eligibility, conformation and structure of animals presented for exhibition - an overview

Rule 11

Effective July 1, 2004 at any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or members owners at such shows shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white gloves" test. No aerosol cans or other pressurized containers will be allowed in designated make up areas.

**THANKS TO ALL WHO PARTICIPATED IN THE SHOW, EITHER AS AN
EXHIBITOR, IN THE AUDIENCE, BIDDER, BUYER, DONATOR OR
VOLUNTEER. WE APPRECIATED EACH AND EVERYONE ATTENDING AND
CONTRIBUTING.**

THANKS FOR COMING!
